To maintain the listing of your products on the Qualified Products List (QPL) 83528, you are required to submit a summary report of In-Process, Group A and B inspections for the qualified material types **every thirty six (36) months**. This is in accordance with paragraph 4.2.4 of MIL-DTL-83528. The due date for the first report will be August 1, 2024 and every 36 months thereafter. In the event there is no production during the reporting periods, you are required to submit a report of no production. A "DD Form 1718" maybe used for this negative report with those products not produced listed in the remarks section.

Because we are held responsible for the accuracy and currency of this Qualified Products List, please notify this Center if your company discontinues production of the products. No changes are to be made in the design and construction of the products qualified without approval of DLA Land and Maritime.

If you have any questions concerning this letter, please contact Mr. Robert Bates, 614-692-0504.

Sincerely,

RICHARD J. BARKER
